

University of Illinois Extension

Master Gardener Manual Edition 2

Table of Contents

A Introduction

U of I Extension Master Gardener ProgramA1

B Botany

Botany vs. HorticultureB-1
Plant Classification B-1
Plant AnatomyB-5
Plant Physiology B-16
ReferencesB-23

C Soils and Fertilizers

What is Soil?C-1
How Were Soils Formed?C-1
Inherent CharacteristicsC-3
Soil StructureC-7
Associated Land FeaturesC-10
Using Soil MapsC-11
Urban Soils.....C-11
Essential Elements for Growth.....C-12
Fertilizers.....C-15
Soil pHC-17
Soil Fertility and Soil TestingC-18
CompostingC-21
ReferencesC-26

D Propagation

Growing Plants from SeedD-1
Producing Plants by Asexual PropagationD-10
Propagation ExercisesD-16
ReferencesD-20

E Diagnosis

Introduction.....E-1
Define the ProblemE-1
The Diagnostic ProcessE-2
Determine Causes-Living or NonlivingE-6
Nutrient Disorders E-8
Further Diagnostic Assistance AvailableE-9
ReferencesE-11

F Diseases

What is Disease?.....F-1
Factors Necessary for DiseaseF-2

DiagnosisF-3
Common Infectious Plant DiseasesF-3
Plant Disease ManagementF-13
Sources of Diagnostic HelpF-14
ReferencesF-13
Disease Color SheetsF-17

G Insects

Insects and Their RelativesG-1
Insect Growth and DevelopmentG-5
Insect PestsG-6
Controlling PestsG-7
Honeybees and Other PollinatorsG-10
Important Insect Pests in IllinoisG-12
ReferencesG-31
Insect Color SheetsG-33

H Weeds

IntroductionH-1
Weed BiologyH-1
Weed Control.....H-2
Noxious Weeds.....H-7
Exotic WeedsH-7
Common Weeds of Lawns and LandscapesH-8
ReferencesH-17

I Integrated Pest Management and Pesticide Safety

Introduction to IPMI-1
Pesticides in the Environment.....I-4
Labels.....I-8
Human Pesticide ProtectionI-10
Understanding PesticidesI-14
ReferencesI-22

J Living with Wildlife

What is a Wildlife Nuisance Conflict?J-1
Management ConceptsJ-1
Legal Issues and RequirementsJ-1
Management StrategiesJ-2
Species Recommendations.....J-6
ResourcesJ-17
References.....J-17

K Vegetables	
Vegetable Gardening Basics	K-1
Preparing the Soil	K-6
Planting	K-8
Caring for the Garden	K-13
Starting Plants.....	K-18
Major Crops	K-21
Recommended Varieties	K-53
References	K-92
L Herbs	
Growing Herbs in the Home Garden	L-1
Growing Herbs in Containers	L-2
Choosing Seeds and Plants	L-3
Harvesting and Drying Herbs	L-3
Herbs Commonly Grown in Illinois	L-5
Ornamental Herbs	L-17
Herb Preserving and Use Chart.....	L-21
References	L-23
M Small Fruits	
Planning the Small Fruit Garden.....	M-1
Strawberries	M-4
Cane Fruits or Brambles.....	M-8
Blueberries	M-14
Currants and Gooseberries.....	M-16
Grapes	M-17
Pest Control.....	M-23
Cooking and Eating the Fruits of Your Labor	M-25
References	M-25
Sources for Bird Netting and Scare Devices.....	M-25
N Tree Fruits	
Planning the Home Orchard or Landscape.....	N-1
Selection of Fruits and Varieties.....	N-2
Care of Fruit Trees.....	N-7
Pest and Disease Management	N-9
Environmental Problems with Fruit Trees	N-13
Training and Pruning Fruit Trees.....	N-14
Pruning Specific Types of Fruit Trees	N-19
Methods for Removing Unwanted Fruit.....	N-24
Harvesting and Storage of Tree Fruit.....	N-26
Sources of Fruit Trees	N-27
References	N-28
O Nuts	
Factors Affecting Growth of Nut Trees	O-1
Care of Nut Trees	O-2
Nut Tree Problems.....	O-2
Harvesting and Handling Black Walnuts	O-4
Recommended Edible Nuts	O-4
Nut Species	O-5
Sources of Nut Trees	O-6
References	O-6
P Lawns	
Turfgrass Selection	P-1
Establishment Methods and Timing	P-6
Planting Your Lawn	P-8
Lawn Maintenance.....	P-14
Weeds and Diseases of Turfgrasses	P-30
Recommended Turfgrasses	P-35
References	P-35
Q Ornamental Grasses	
Introduction – Grasses vs. Grass-Like Plants....	Q-1
Culture of Ornamental Grasses	Q-2
Information about Specific Perennial Ornamental Grasses	Q-3
References	Q-9
R Annuals and Perennials	
General Considerations	R-1
Growing Annual Flowers.....	R-8
Growing Perennial Flowers.....	R-14
Design Considerations.....	R-29
References	R-33
S Trees, Shrubs & Woody Vines	
Benefits of Trees and Shrubs	S-1
Woody Plant Basics	S-1
Selection of Trees and Shrubs.....	S-2
Proper Planting of Trees and Shrubs	S-6
Care of Trees and Shrubs.....	S-12
Pruning Trees and Shrubs.....	S-14
Common Problems with Woody Plants	S-21
Woody Vines	S-22
References	S-24
Recommended Trees, Shrubs and Vines	S-25
T Roses	
The History of Roses	T-1
Selecting Rose Plants.....	T-1
Culture of Roses	T-3
Pruning Roses	T-6
Disease and Insect Pests	T-9
Classification of Roses	T-11
References.....	T-25
Rose Societies and Organizations	T-25
Mail Order Sources for Roses	T-26

(Continued)

U **Bulbs**

Spring and Summer or Hardy and Tender	U-1
Bulbs and Other Rooting Structures	U-1
Obtaining Bulbs	U-3
Culture of Spring Flowering Bulbs.....	U-4
Planting Forced Bulbs	U-6
Bulbs in Outdoor Containers	U-6
Forcing Bulbs for Indoor Bloom.....	U-7
Culture of Summer Flowering Bulbs	U-7
Specific Summer Flowering Bulb Culture and Storage	U-8
Common Bulb Problems	U-10
Using Bulbs in the Landscape	U-11
References	U-15
Mail Order Bulb Suppliers.....	U-15

V **Landscaping**

Landscape Design - What is it and Why is it Important	V-1
Do-It-Yourself vs. Professional	V-2
The Design Process	V-2
Principles of Design	V-8
Plants as Elements of Landscape Design	V-12
Developing the Landscape Plan.....	V-12
Redesigning an Established Yard	V-21
Landscape Themes	V-22
References	V-28

W **Organic Gardening**

Introduction	W-1
Soil Fertility and Fertilizers	W-2
Seed Starting and Transplanting	W-6
Weeds and Weed Control	W-6
Mulches	W-7
Crop Rotation, Intercropping and Companion Planting	W-8
Disease and Insect Management	W-8
References	W-9

X **Houseplants**

Selecting a Houseplant	X-1
Factors Effecting Plant Growth	X-1
Containers	X-10
Maintenance of Houseplants.....	X-10
Houseplant Problems	X-12
Terrariums	X-13
Indoor Plant Guide	X-15
References	X-17
Poison Plant References	X-17

Y **Appendix**

Glossary	Y-1
Index	Y-11
