Junkdrawer Monday Morning Options

Please rank your top 4 choices. Please note that some sessions are only 1-1/2 hour sessions and others are 3-hour sessions. You will be assigned to 1 or 2 session that fill the complete 3-hour time slot. Some sessions will only accommodate a specific number of participants. **NOTE:** All sessions are still tentative, dependent upon confirmation of instructors. We reserve the right to cancel any session due to lack of registration or instructor availability.

**Short Sessions (1-1/2 hours in length):**

**Adobe Illustrator** – Learn the basics of building a logo or adapting artwork with Adobe Illustrator. This will be a beginning level session.

**Community Service – Military Cards** – Just in time for the 4th of July! Make greeting cards celebrating our veterans and thanking them for their service. Current plans are to deliver cards to Veteran’s Homes and Medical facilities for distribution.

**Photoshop 101** – Learn the basics of using Adobe Photoshop to edit photos. This will be a beginning level session.

**Opportunities for Teens in the 4-H Program** – If you are a current 4-H member or just interested in seeing what 4-H has to offer for teens, check out this session. Members of the Illinois State 4-H Youth Leadership Team will show you what can be accomplished if you’re willing to step outside your local community and explore 4-H leadership opportunities. From educational conferences to award trips or teaching teens to serving on statewide committee, opportunities abound and the benefits to you personally multiply. See for yourself what the future can hold!

**Teambuilding I** – Learn the basics of building a team in your club or school. What is important to get your team on track and working together? You’ll have hands-on experience with several team-building activities that you can take back and use with your own groups. Delegates will share their own experiences during debriefing activities. Taught by the Illinois State 4-H Youth Leadership Team.

**Teambuilding II** – (Must have participated in Teambuilding I session) – More hands-on training with more advanced team-building activities. Taught by the Illinois State 4-H Youth Leadership Team.

**Full Sessions (3 hours in length):**

**College Life** – Find out what it really means to be a student at a Big 10 University. Hear from current students (undergrads and grad students) about college life – from studying and homework to the various clubs and groups available for you to join. Tour a dorm and check out a fraternity or sorority (or maybe both) and talk to students living in each. Whether you plan to attend all 4 years or be a 2-year transfer student, this session will help you think about what you want to look for or consider in making your college decisions.
Community Service – S.H.A.R.E. – Learn about animal rescue facilities as you assist at the Society of Hooved Animals’ Rescue and Emergency (S.H.A.R.E.). Delegates may be cleaning stalls, fixing fences, or organizing equipment and tack rooms.

Community Service – Sustainable Student Farms – Enjoy working in the garden? Then this community service project could use your assistance. Learn about the U of I’s Sustainable Student Farm, where vegetables are grown to serve in the dining halls and sell at the local farmer’s market.

FabLab – Check out the Champaign-Urbana Community Fab Lab, a small-scale workshop for computer-based innovation, design and fabrication. The Fab Lab allows you to dream up, design, and make almost anything you can imagine using open source software and DIY equipment. It is an open source community of people who like to design and make things, offering students of all ages a place to master modern design and fabrication technology. The C-U Fab Lab is part of the global network of Fab Labs. After a tour of the facilities, delegates will be able to use some of the equipment and design/make a special item to take home. Check out their website for more information: http://cucfablab.org/.

Filmmaking – Delegates will work in small groups to design a storyboard, film and edit a video. Be prepared to get creative and work inside and outside during this session.

Rock Climbing – Learn the basics of rock climbing while checking out the University of Illinois’ ARC (Activities and Recreation Center) facilities. Instruction staff and equipment will be provided. A tour of ARC facilities will be included in this session so delegates can see the various opportunities available for UI students – gyms, weight and exercise rooms, running tracks, swimming, and more. NOTE: A special release form will be required for youth to participate in this session. This form will be sent to those youth assigned to this session and that form will have to be returned to the State 4-H Office PRIOR to arrival at ISA.
