2016 Illinois 4-H  
Youth Livestock Conference February 13-14, 2016  
Workshop Descriptions

If you enjoy learning more about the Illinois livestock industry, have dreams of being a veterinarian, or just love exhibiting livestock, you will want to NEW CONFERENCE which is focused entirely on livestock!

- **"In the Cooler"**
  - Step into the cooler and discover the world of meat science! During this session participants will glove up and truly get a hands on experience revolving around meat production. You will explore a variety of different meat cuts, along with what animal they originate from. In a freezing cool finale, you will put their knowledge to the test in a competition against their peers.

- **"Sledding through Shots and Sutures"**
  - Glove up and come explore the exciting world of wounds, medicine, sutures and dissection! In this session we will go bananas as we learn more about simple surgical procedures in livestock!

- **"Layer Up"**
  - Layer up and take your role as a hog farmer. Biosecurity is at the utmost importance, but get ready to go hog wild! It is time to boot up and go to the breeding barn!

- **"How to Keep your Cool"**
  - How to keep your cool is a jam packed session about the proper way to promote the livestock industry on social media sites and to the general public. You will leave knowing how to answer the questions of families walking through the barn at the fair or local news reporters. Learn the appropriate ways to use social media to promote not only the industry as a whole, but also your individual farm.

- **"Brain Freeze"**
  - A fast and furious Livestock Quiz Bowl will keep everyone thinking on their feet!
